## Conforms to Regulation (EC) No. 1907/2006 (REACH), Annex II, as amended by Commission Regulation (EU) 2020/878

# **SAFETY DATA SHEET**

RENSA FLOOR POLISH 4580-30 - FARBLOS-INCOLORE-COLOURLESS

### SECTION 1: Identification of the substance/mixture and of the company/ undertaking

| 1.1 Product identifier |  |
|------------------------|--|
|------------------------|--|

**Product name** 

: RENSA FLOOR POLISH 4580-30 - FARBLOS-INCOLORE-COLOURLESS

 1.2 Relevant identified uses of the substance or mixture and uses advised against

 Product use
 : Øleaner.

### 1.3 Details of the supplier of the safety data sheet

Teknos Group Oy, Takkatie 3, FI-00370 HELSINKI, FINLAND. Tel. +358 9 506 091.

e-mail address of person : Prod-safe@teknos.com

### responsible for this SDS

**National contact** 

Teknos Group Oy, Takkatie 3, FI-00370 HELSINKI, FINLAND. Tel. +358 9 506 091.

### 1.4 Emergency telephone number

### National advisory body/Poison Centre

Telephone number: In an emergency, call 112

### **SECTION 2: Hazards identification**

# 2.1 Classification of the substance or mixture Product definition : Mixture Classification according to Regulation (EC) No. 1272/2008 [CLP/GHS] Not classified.

The product is not classified as hazardous according to Regulation (EC) 1272/2008 as amended.

| Ingredients of unknown<br>toxicity | <ul> <li>100 percent of the mixture consists of component(s) of unknown acute oral toxicity<br/>100 percent of the mixture consists of component(s) of unknown acute dermal<br/>toxicity<br/>100 percent of the mixture consists of component(s) of unknown acute inhalation<br/>toxicity</li> </ul> |
|------------------------------------|--|
| Ingredients of unknown ecotoxicity | : Contains 100% of components with unknown hazards to the aquatic environment  |
| See Section 11 for more date       | ailed information on boolth offects and symptoms   |

See Section 11 for more detailed information on health effects and symptoms.

| 2.2 Label elements          |   |   |
|-----------------------------|---|---|
| Signal word                 | : | No signal word.                                   |
| Hazard statements           | : | No known significant effects or critical hazards. |
| Precautionary statements    |   |   |
| Prevention                  | : | Not applicable.                                   |
| Response                    | : | Not applicable.                                   |
| Storage                     | : | Not applicable.                                   |
| Disposal                    | : | Not applicable.                                   |
| Supplemental label elements | : |   |

| Annex XVII - Restrictions :<br>on the manufacture,<br>placing on the market and<br>use of certain dangerous<br>substances, mixtures and<br>articles  | SECTION 2: Hazards   | identification  |
|--|--|---|
|  | on the manufacture,<br>placing on the market and<br>use of certain dangerous<br>substances, mixtures and | :   |
| 2.3 Other hazards  | 2.3 Other hazards  |   |
| Product meets the criteria       : This mixture does not contain any substances that are assessed to be a PBT or vPvB according         for PBT or vPvB according       vPvB.         to Regulation (EC) No.       1907/2006, Annex XIII | for PBT or vPvB according to Regulation (EC) No.   | : This mixture does not contain any substances that are assessed to be a PBT or a vPvB. |
| Other hazards which do : None known.<br>not result in classification   |  | : None known.   |

### **SECTION 3: Composition/information on ingredients**

#### 3.2 Mixtures

#### : Mixture

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs, vPvBs or Substances of equivalent concern, or have been assigned a workplace exposure limit and hence require reporting in this section.

### **SECTION 4: First aid measures**

| 4.1 Description of first aid n | neasures   |
|--------------------------------|--|
| Eye contact                    | : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.  |
| Inhalation                     | : Remove victim to fresh air and keep at rest in a position comfortable for breathing.<br>Get medical attention if symptoms occur.   |
| Skin contact                   | <ul> <li>Flush contaminated skin with plenty of water. Remove contaminated clothing and<br/>shoes. Get medical attention if symptoms occur.</li> </ul>   |
| Ingestion                      | : Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur. |
| Protection of first-aiders     | : No action shall be taken involving any personal risk or without suitable training.   |

### 4.2 Most important symptoms and effects, both acute and delayed

### Over-exposure signs/symptoms

| Eye contact  | : No specific data. |
|--------------|---------------------|
| Inhalation   | : No specific data. |
| Skin contact | : No specific data. |
| Ingestion    | : No specific data. |

#### 4.3 Indication of any immediate medical attention and special treatment needed

| Notes to physician  | <ul> <li>Treat symptomatically. Contact poison treatment specialist immediately if large<br/>quantities have been ingested or inhaled.</li> </ul> |
|---------------------|---|
| Specific treatments | : No specific treatment.  |

### **SECTION 5: Firefighting measures**

| 5.1 Extinguishing media        |   |
|--------------------------------|---|
| Suitable extinguishing media   | : Use an extinguishing agent suitable for the surrounding fire. |
| Unsuitable extinguishing media | : None known.   |

| SECTION 5: Firefighting measures                  |   |  |  |  |  |
|---|---|--|--|--|--|
| 5.2 Special hazards arising f                     | 5.2 Special hazards arising from the substance or mixture   |  |  |  |  |
| Hazards from the substance or mixture             | : In a fire or if heated, a pressure increase will occur and the container may burst.   |  |  |  |  |
| Hazardous combustion products                     | : No specific data.   |  |  |  |  |
| 5.3 Advice for firefighters                       |   |  |  |  |  |
| Special protective actions for fire-fighters      | : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.   |  |  |  |  |
| Special protective<br>equipment for fire-fighters | : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. Clothing for fire-fighters (including helmets, protective boots and gloves) conforming to European standard EN 469 will provide a basic level of protection for chemical incidents. |  |  |  |  |

### **SECTION 6: Accidental release measures**

| 6.1 Personal precautions, pro  | te  | ctive equipment and emergency procedures  |  |  |
|--------------------------------|---|---|--|--|
| For non-emergency<br>personnel | : No action shall be taken involving any personal risk or without suitable training.<br>Evacuate surrounding areas. Keep unnecessary and unprotected personnel fro<br>entering. Do not touch or walk through spilt material. Put on appropriate persor<br>protective equipment. |   |  |  |
| For emergency responders       | :   | If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".   |  |  |
| 6.2 Environmental precautions  | :   | Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains<br>and sewers. Inform the relevant authorities if the product has caused environmental<br>pollution (sewers, waterways, soil or air).   |  |  |
| 6.3 Methods and material for   | со  | ntainment and cleaning up   |  |  |
| Small spill                    | :   | Stop leak if without risk. Move containers from spill area. Dilute with water and mop<br>up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry<br>material and place in an appropriate waste disposal container. Dispose of via a<br>licensed waste disposal contractor.                              |  |  |
| Large spill                    | :   | Stop leak if without risk. Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth |  |  |

6.4 Reference to other sections
 See Section 1 for emergency contact information. See Section 8 for information on appropriate personal protective equipment.

and place in container for disposal according to local regulations. Dispose of via a

### **SECTION 7: Handling and storage**

The information in this section contains generic advice and guidance. The list of Identified Uses in Section 1 should be consulted for any available use-specific information provided in the Exposure Scenario(s).

See Section 13 for additional waste treatment information.

### 7.1 Precautions for safe handling

| Protective measures                    | : Put on appropriate personal protective equipment (see Section 8).   |
|--|---|
| Advice on general occupational hygiene | : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures. |

#### 7.2 Conditions for safe storage, including any incompatibilities

| Date of issue/Date of revision | : 13/03/2024 | Date of previous issue | : 13/03/2024 | Version : 1.01 3/13 |
|--------------------------------|--------------|------------------------|--------------|---------------------|
| RENSA FLOOR POLISH 4580-30     | - FARBLOS    | INCOLORE-COLOURLES     | SS           | Label No :45217     |

### **SECTION 7: Handling and storage**

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination.

### 7.3 Specific end use(s)

**Recommendations Industrial sector specific** : Not available. solutions

: Not available.

### SECTION 8: Exposure controls/personal protection

The information in this section contains generic advice and guidance. Information is provided based on typical anticipated uses of the product. Additional measures might be required for bulk handling or other uses that could significantly increase worker exposure or environmental releases.

#### 8.1 Control parameters

**Occupational exposure limits** 

| Product/ingredient name        | Exposure limit values |
|--------------------------------|-----------------------|
| No exposure limit value known. |                       |
|                                |                       |

| SECTION 8: Exposure controls/personal protection |                  |

### **SECTION 8: Exposure controls/personal protection**

### DNELs/DMELs

No DNELs/DMELs available.

### **PNECs**

No PNECs available

| 8.2 Exposure controls            |   |       |
|----------------------------------|---|-------|
| Appropriate engineering controls | Good general ventilation should be sufficient to control worker exposure to airbo<br>contaminants.  | orne  |
| Individual protection measured   | <u>s</u>  |       |
| Hygiene measures                 | Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working per Appropriate techniques should be used to remove potentially contaminated cloth Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location. | hing. |
| Eye/face protection              | Safety eyewear complying with an approved standard should be used when a ria assessment indicates this is necessary to avoid exposure to liquid splashes, mis gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses wide-shields.                                  | ists, |
| Skin protection                  |   |       |
| Hand protection                  | Chemical-resistant, impervious gloves complying with an approved standard she<br>be worn at all times when handling chemical products if a risk assessment indic<br>this is necessary.  |       |
|                                  | Recommendations : Wear suitable gloves tested to EN374.   |       |
|                                  | > 8 hours (breakthrough time): Nitrile gloves. thickness > 0.3 mm   |       |
|                                  | Not recommended polyvinyl alcohol (PVA) gloves  |       |
| Body protection                  | Personal protective equipment for the body should be selected based on the tas<br>being performed and the risks involved and should be approved by a specialist<br>before handling this product.  | sk    |
| Other skin protection            | Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.   | be    |
| Respiratory protection           | Based on the hazard and potential for exposure, select a respirator that meets t<br>appropriate standard or certification. Respirators must be used according to a<br>respiratory protection program to ensure proper fitting, training, and other impor<br>aspects of use.   |       |
|                                  | Filter type (spray application): A P  |       |
| Environmental exposure controls  | Emissions from ventilation or work process equipment should be checked to<br>ensure they comply with the requirements of environmental protection legislation<br>In some cases, fume scrubbers, filters or engineering modifications to the proce<br>equipment will be necessary to reduce emissions to acceptable levels.  |       |

### **SECTION 9: Physical and chemical properties**

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

### 9.1 Information on basic physical and chemical properties

| <u>Appearance</u>                          |                  |

### Not available.

### **SECTION 12: Ecological information**

#### 12.1 Toxicity

**Conclusion/Summary** : Based on available data, the classification criteria are not met.

#### **12.2 Persistence and degradability**

**Conclusion/Summary** : This product has not been tested for biodegradation.

#### 12.3 Bioaccumulative potential

Not available.

| 12.4 Mobility in soil                  |                  |
|--|------------------|
| Soil/water partition coefficient (Koc) | : Not available. |
| Mobility                               | : Not available. |

#### 12.5 Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

#### 12.6 Endocrine disrupting properties

Not available.

#### 12.7 Other adverse effects

No known significant effects or critical hazards.

### **SECTION 13: Disposal considerations**

| 13.1 Waste treatment methods        |   |
|-------------------------------------|---|
| Product                             |   |
| Methods of disposal :               | The generation of waste should be avoided or minimised wherever possible.<br>Disposal of this product, solutions and any by-products should at all times comply<br>with the requirements of environmental protection and waste disposal legislation and<br>any regional local authority requirements. Dispose of surplus and non-recyclable<br>products via a licensed waste disposal contractor. Waste should not be disposed of<br>untreated to the sewer unless fully compliant with the requirements of all authorities<br>with jurisdiction. |
| European waste :<br>catalogue (EWC) | 07.06.99  |
| Packaging                           |   |
| Methods of disposal :               | The generation of waste should be avoided or minimised wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.  |
| Special precautions :               | This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.   |

### **SECTION 14: Transport information**
